an image processing device adapted to generate a control value, on the basis of said standard image data, and process the plurality of image data by using the control value.

60. (Twice Amended) An apparatus according to claim 58, further comprising a display processing device for displaying a reproduced image of the image data processed by said image processing device among the plurality of image data on a same image window.

61. (Twice Amended) An image pickup apparatus for photographing objects to record a plurality of image data on a detachable recording medium, comprising:

a designating device for designating an image data of the plurality of image data, to be recorded on said recording medium, as a image data on the basis of which a control value for processing the plurality of image data is generated; and

a designated image data recording device for recording a designating data for selecting the image data.

Cancel claims 62-68.

Amend claims 69, 71, 72 and 74 as follows:

69. (Twice Amended) A method of image reproduction for reproducing an image data stored in a detachable recording medium recording a plurality of image data together with a designation data which selects an image data as a standard image data, comprising:

selecting said image data as said standard image data of the plurality of image data on the basis of the designation data recorded on said recording medium;

generating a control value for processing the plurality of image data, on the basis of said standard image data; and

processing the plurality of image data by using the control value.

10 71. (Twice Amended) A method according to claim 69, further comprising displaying a reproduced image of the image data processed by using the control value among the plurality of image data on a same image window.

REMARKS

Claims 58, 60, 61, 69, 71, 72 and 74 have been amended. Claims 51-57 and 62-68 have been canceled.

Attached hereto is a marked-up version of the changes made to the claims by this Amendment. The marked-up version has been entitled "Version With Markings To Show Changes Made."

The Examiner has rejected applicants' claims 51-60 and 62-71 under 35 USC § 102(e) as anticipated by the Saito patent. The Examiner has further rejected applicants' claims 73-76 under 35 USC § 103(a) as unpatentable based on the Saito patent taken in view of the Suzuki, et al. patent. Finally, the Examiner has rejected applicants' claims 61 and 72 also under 35 USC
